Bryte Hospitality Announcement | Postponement of May renewal adjustments

Dear Broker Partner

Following our recent announcement of a three-month premium relief option for hospitality customers, we are pleased to inform you that Bryte has decided to postpone our May renewal adjustments – until further notice.

We recognise that the Hospitality industry is among those more affected by the COVID-19 pandemic and appreciate the ripple effects of this impact on the broader economy. We therefore continue to responsibly seek and engage with customers on interim solutions to help bolster the sustainability of their business as well as that of the Hospitality industry.

Please continue to communicate with your customers on these and other relevant updates. Should you require the May renewal list please contact your local Hospitality underwriter.

Wishing you and your loved ones good health.

Please keep safe.

Best wishes

The Bryte Hospitality Team

On a related note, please urge customers to explore the various intervention measures in place to support SMMEs during these challenging times.
